## Company Overview

### About Us

We've experienced more than 6 years and now employing more than 12 highly-skilled staff. We specialize in repairing and rewinding all manner of motors, from the smallest DC motor through to AC motor and the very largest of industrial electrical installations.

We offer quality work, labor and materials using Class F winding materials, and the inverter duty spike resistant wire, high quality varnish and bearings. We strive to give our customers quick turnaround, especially if our customer is in an emergency breakdown situation.

### Our Goal

Our main goal is to keep our customers happy and their motors operating to eliminate costly shutdown time

## Workshop Office

### Our Values

#### Honestly

Whether to yourself or to others

#### Fair

It is the value of the underlying step towards a win – win solution in partnering

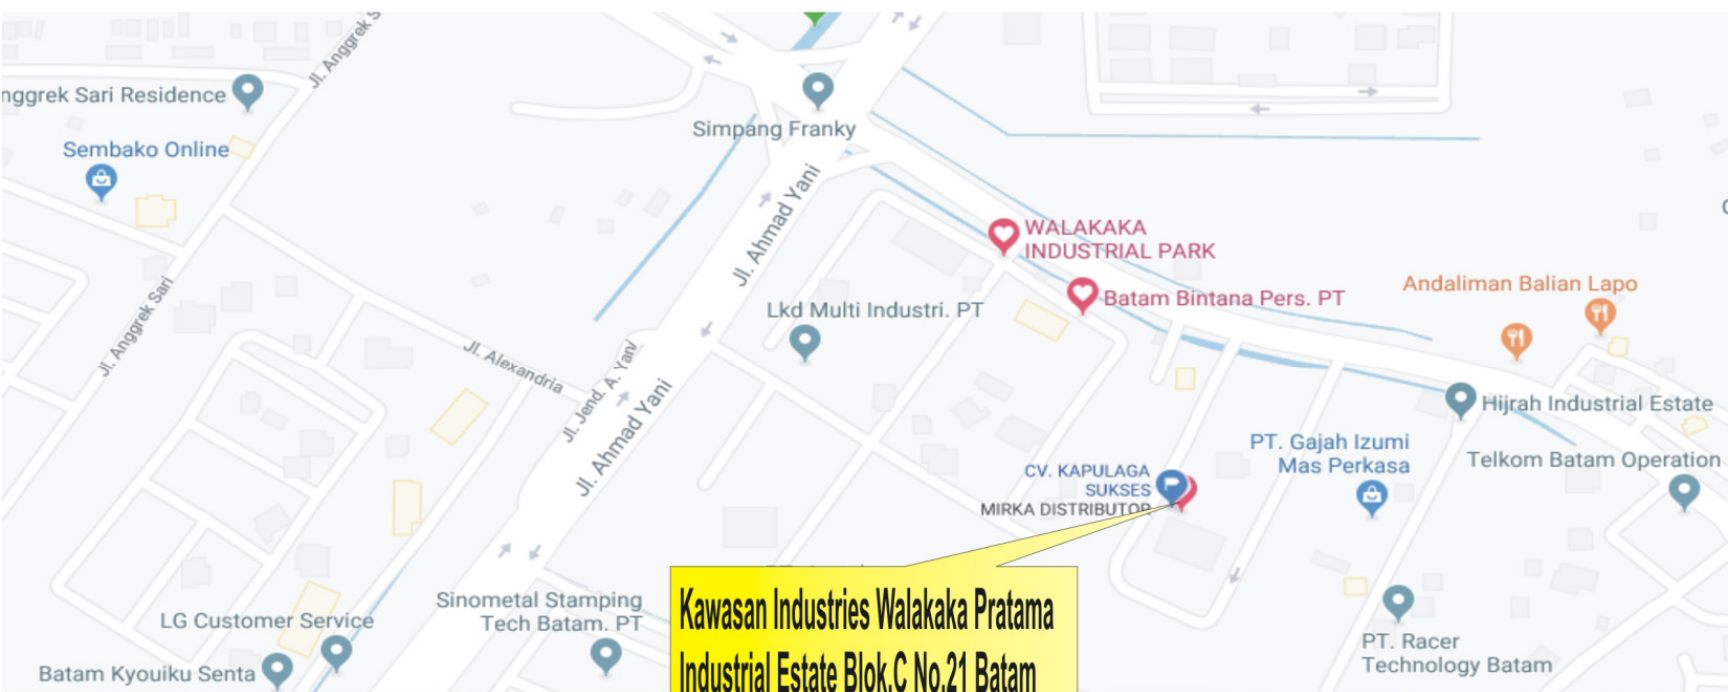

#### Professionals

Competence, responsibility, cooperation, and professional ethics are interrelated and cannot be separated

#### Work Smart

Through the development of personal competencies (knowledge, skills, and positive attitude)

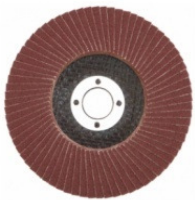

With these values, we have confidence that we can be a trusted partner for our customers
